

Welcome to Rx Aftercare!

Congratulations on completing your Rx training. This guide will walk you through how to use your personal dashboard to commit to your professional development goals over the duration of the Aftercare period.

The dashboard is simple to use and takes most people about 5–10 minutes to complete. There are no wrong answers — this is your personal commitment plan, built around what resonates with you.

Understanding Dashboard Modes

Your dashboard has two modes depending on whether you have already saved your goal commitments.

Mode	When It Appears
Commitment Mode	First visit — before you have saved your goal selections. You choose your goals and activities and download your commitment plan.
Check-in Mode	All return visits — after your commitments have been saved. A different interface loads automatically so you can update the status of each activity.

***i** The dashboard detects which mode to show automatically — you do not need to choose or switch between them. Once your commitments are saved, every future visit opens in Check-in Mode.*

Step 1 — Access Your Dashboard

You should have received a welcome email from Gray Matters Group — Rx Aftercare. That email contains:

- Your email address (your login)
- A temporary password in the format: Word-Word-#### (e.g. Bright-Falcon-4821)
- A gold button labeled "Access My Dashboard →"

1	Find your email	Look for an email from dryan@graymattersgroup.com with subject: "Welcome to Rx Aftercare"
2	Click the button	Click the gold "Access My Dashboard →" button in the email.
3	Your dashboard opens	The dashboard will open directly in your browser — no app download required.

***i** If you can't find the welcome email, check your spam folder. If you still can't find it, contact the program facilitator.*

***i** The reset link expires after a short time. If it has expired, return to the login page and request a new reset link.*

Step 2 — Understand Your Dashboard (Commitment Mode)

On your first visit, the dashboard opens in Commitment Mode. You will see:

Element	What It Is
Program Title	Confirms you're in the right program (e.g. "Deloitte LIFT — Spring 2026")
Days Remaining counter	Shows the total length of your program (e.g. 90 days, 120 days)
Instructions box	Reminds you of the minimums: at least 4 goals, minimum 3 activities per goal
Goal cards	The 14 professional development goals from your Rx training, each with supporting activities
Your Commitments bar	Live tracker at the bottom showing how many goals and activities you've selected
Download PDF button	Becomes active once you've met the minimums — saves your commitment plan

Step 3 — Select Your Goals

Scroll down to see all 14 goals. Each goal is a card with a checkbox on the left and an arrow on the right to expand it.

How to select a goal:

1. Click the checkbox on the left side of the goal card to select that goal.
2. The card will expand automatically to show all the supporting activities for that goal.
3. Review the activities — these are the specific behaviors and habits that support achieving the goal.
4. Select at least 4 goals total.

 *You are choosing goals that genuinely resonate with you — areas where you want to grow and commit to new behaviors. There are no right or wrong answers.*

The 14 Goals at a Glance:

#	Goal	
1.	Relationship Enhancement & Planning	8. Meeting Management
2.	Elevator Speech	9. Listening & Questioning
3.	Personal Style Awareness	10. Objection/Question Handling & Framing Alternatives
4.	Research — My Firm's Capabilities	11. Follow Up
5.	Research — My Clients	12. Making Time
6.	Gaining Access / Qualifying Opportunities	13. Networking
7.	Interaction Preparation	14. The Buyer's Journey & Navigating the Decision Process

Step 4 — Choose Your Activities

Once you expand a goal, you'll see a list of supporting activities. These are specific, actionable behaviors that will help you achieve the goal over your program period.

How to select activities:

5. Read through all the activities listed under the goal.
6. Check the box next to each activity that resonates with you — things you genuinely intend to do.
7. Select a minimum of 3 activities per goal you've chosen.
8. There is no maximum — select as many as feel right for you.

 *Choose activities that are realistic and meaningful for your situation. These become your personal commitments — the more honest you are with yourself now, the more valuable the program will be.*

Can I add my own activity?

Yes. At the bottom of each goal card there is an "Add your own activity" field. Type your custom activity and click + Add. It will appear in your list marked with a star (★) so you can tell it apart from the standard activities.

Step 5 — Review Your Commitments

As you select goals and activities, the "Your Commitments" bar at the bottom of the page tracks your progress in real time:

- Goals selected — must be 4 or more
- Activities selected — must be at least 3 per goal you've chosen
- Custom activities — any you've added yourself

The Download PDF button at the bottom stays grayed out until you have met the minimums. Once you've reached them, it will turn active (gold).

 Take a moment before downloading to review your selections. Ask yourself: "Am I genuinely committed to these? Are these the areas where I most want to grow?"

Step 6 — Print and/or Download Your Commitment Plan

Once you've selected at least 4 goals with at least 3 activities each, the Download PDF button becomes active.

1	Click Download PDF	The button is at the bottom of the page. It will only be active once minimums are met.
2	PDF opens or downloads	Your browser will either open the PDF in a new tab or save it to your Downloads folder.
3	Save your plan	Save the PDF somewhere you can refer back to it throughout your program — desktop, cloud drive, or print it out.
4	Share if requested	Your program administrator may ask you to email them a copy of your commitment plan.

The PDF will include your name, the program name, and a list of every goal and activity you selected — formatted as a clean, professional commitment document.

Step 7 — Returning Visits: Check-in Mode

After your first visit and once your commitments have been saved, every return visit to the dashboard opens in Check-in Mode. This is where you track your progress throughout the Aftercare program.

What You'll See in Check-in Mode

Element	What It Is
Activity list	All the activities you committed to, organized by goal.
Status buttons	Each activity shows three status buttons: Not Started / In Progress / Complete.
Progress summary bar	Live counts at the top showing: Complete / In Progress / Not Started across all activities.
Auto-save banner	Green banner at the bottom: "Your updates are automatically saved. Use Print / Save PDF to keep a copy."
Add activities	"Pick from original list" — add activities from your original goal list that you didn't select initially.
Custom activities	You can still add custom text activities in Check-in Mode.

Update your progress below. For each activity you committed to, mark where you stand.

Printing or Saving a Progress Report

At any time during the program you can generate a progress report showing each activity and its current status.

1	Open Dashboard	Visit your dashboard URL and sign in. Check-in Mode loads automatically.
2	Update Statuses	Ensure all activity statuses are up to date.
3	Click Print / Save PDF	Click the Print / Save PDF button. A formatted progress report opens.
4	Save or Print	Use your browser's print dialog to save as PDF or print a physical copy. Each activity and its status badge will be included.

Frequently Asked Questions

Can I go back and change my selections (Commitment Mode)?

Yes — as long as you haven't closed the browser window, you can uncheck and re-select goals and activities at any time. Your selections are held in your browser session. Once you close the window or navigate away, your selections will reset, so make sure to download your PDF before closing.

Can I change activity statuses after I've set them?

Yes — you can update any activity's status at any time during the program. Simply tap or click a different status button and the change is saved automatically.

What if I don't receive the welcome email?

Check your spam or junk folder first. If it's not there, contact your program administrator and ask them to resend your invitation.

Do I need to create an account or password?

Your login credentials were created for you automatically and included in your welcome email. Use the email address and temporary password provided. If you need to reset your password, use the "Forgot your password?" link on the login page.

What happens after I submit my goals?

Your commitment plan is for your own development — it's a personal tool. Throughout the program you will receive weekly learning refreshers by email that connect back to the goals and skills from your Rx training. Return to your dashboard to check in on your progress and update activity statuses.

What if I want to select more than the minimum?

Please do. The minimums (4 goals, 3 activities each) are the floor, not the ceiling. If several goals resonate strongly with you and you want to select 6 or 7 goals with 5–6 activities each, that's great. The more intentional your commitment, the more value you'll get from the program.
